Director of Communications

High-Speed Printer Procurement

25X1

1. Under the provisions of Contract [] Task Order 3, [] is developing a high-speed processing system to be used with the [] Terminal Communications equipment. One of the requirements placed on the contractor in this project was to survey the field of high-speed printers and recommend to the contracting agency the best choice of a printer for incorporation into this system. Some fifty possible sources have been contacted to determine their ability to satisfy the requirements at a reasonable cost.

25X1

25X1

2. The results of this study are presented in the enclosure to the contractor's letter attached. This letter recommends procurement of the high-speed printing system, [] in accordance with an engineering proposal from []. This recommendation is based primarily on the relatively low price of this printer and its compatibility with the [] characteristics.

25X1

25X1

25X1

3. It is requested, therefore, that action be taken to procure from [] their Model [] high-speed printing system as described in the attached proposal and that the equipment be delivered directly to [] as government furnished equipment under contract [] Task Order 3. Attached for this purpose is Requisition No. [] indicating the availability of funds in the amount of [] from Allotment No. []. Although the high-speed printing system to be procured is UNCLASSIFIED, the association of this Agency with the equipment and the contractor as well as [] and Contract [] Task Order 3 should be classified SECRET.
